Discussion Questions:

1. If you haven't introduced yourself to the people around your table, do so now.

2. What is something you learned tonight?

3. What is something you still have questions about?

4. In last week's presentation Will Cantrell identified the three plans that will be debated and voted on at General Conference Feb 23-26, 2019. Which plan makes the most sense to you and why?

5. Paul repeatedly advises the churches to "agree with one another; live in peace. (2 Cor. 13:11). How do we live by Paul's words when there are intractable disagreements that divide us? What should we pray for as the church struggles with divisive issues? How should we act toward people with whom we disagree?
